

Blanchet House of Hospitality: 70 Years

An Oregon Historical Society Special Exhibit

On exhibit March 4 - June 5, 2022

In 2022, Blanchet House will observe its 70th year providing meals, shelter, and restoration to people experiencing homelessness and hunger in Oregon. The anniversary celebration will kick off at the eighth annual Lend a Helping Hand Brunch, a virtual fundraising event to be held on March 6, 2022. Coinciding with this event is a three-month special exhibit of Blanchet House history at the Oregon Historical Society.

The exhibit will feature newly discovered photographs, news clippings, and artifacts that connect the history of Old Town/Chinatown to the venerated mission's service in the neighborhood and beyond. Visitors are invited to consider the current humanitarian crisis on Portland's streets alongside historical efforts to provide aid and relief.

A confluence of complex factors has changed the face of homelessness since Blanchet House's beginning in 1952 but the need is persistent. The exhibit recounts the organization's history, celebrating the many people and stories that led to it becoming a long relied upon relief organization in Oregon.
